

EMILY FOR CAPTAIN

Ski Credentials:

Ok so I am not Nottingham 1st Team!

However, **I love Skiing**, whether racing, cruising reds & blacks, off-piste fun or helping others to improve. It all started in 2006 at the age of 4 when I was first "forced" to go skiing and hated it! Trust me, my parents can tell you of many tantrums, tears in kindergarten ski school and the best of the lot, taking my skis off on a steep red and letting them slide down the piste. Fifteen years later with over twenty weeks skiing experience, I can safely say I can get down most things with a little bit of style and technique.

My Aims: Warwick Snow is an excellent well run club and as such there is no need to change the world (*you won't see us waiting at a bus stop for a bus that never comes like Loughborough*). My main aim therefore will be to ensure that I end my tenure with the club in as equally good position. However there are a few key things I would like to introduce (subject to the approval of the President).

Training: i) Use of duals in training. ii) Slalom training on snow (funds permitting).

Competitions: i) Work with the whole executive to increase the number of competitive skiers. We should aim for 3-4 race teams. *There were lots of excellent skiers on tour who said they hadn't known how to join the race team in first weeks so joined other clubs.

ii) Work with social secs to make KINGS a key social event (improve fancy dress!).

ii) Work with media sec to increase the awareness of team results and individual profiles.

iii) Explore ways to bring the competitive and social side of Warwick Snow closer together (attract as many people as possible).

iv) BUDS cheap as possible therefore as big as possible.

Equipment: i) I can Hot Iron! We should offer equipment servicing / waxing workshops so people can learn to service their own equipment before tours and key races.

li) Utilize the club equipment! (Service the club skis & get them distributed out to the race teams). Explore options of buying new equipment if needed.

Why me?

1. **Commitment & Dedication:** to all aspects of the club. (I am not a member of any other society and have not and will never prioritize outside social events over club races or events.)

2. **Approachable & Welcoming:** The future of our club relies on new members. I understand how daunting it can be joining a society not knowing anyone and would therefore make it my priority to ensure freshers feel as welcome as possible (for example by meeting them at T-bar before a training session).

3. **Strong organizational skills:** I have confidence in my ability to organize the competitions and training sessions effectively.

4. **Good knowledge of how the competitions run:** Attended BUDS/BUISC/all KINGS/AFTERJAM so know how they work.

5. **Communication is key:** I will ensure that I work closely with the other great members of the executive.
