

TAMARA FOR SOCIAL !!!

Who am 1 you may ask?

- Neuroscience student (yes its hard)
- Shit skier, but will send it on any night out
- Will always be found in the copper rooms between 11;30pm-2am on a Wednesday night (claim)
- No one loves circle and pop more than me, annual pop pass to prove it (£150 well spent)
- Gave myself a concussion from enjoying myself a bit too much at the snow Halloween house party
- Terrible dance moves but even better chat
- Have amazing ideas to make the socials even looser and

bigger, did someone say joint bar crawls?

- Keep circle big and sexy, and increase snow attendance at pop (It's a lot of work holding down front left pillar)
- Increase fresher presence and keep them coming, it can be scary to join at first!!
- Promote BUDS and make sure it stays the best weekend of your life (drinking on the coach 2024??????)
- Really prove snow is a REAL sports club, and also the loosest.
