Voting for me reduces worldwide dehydration by 10% as a result of the osmosis and photosynthesis caused by the light displays when I mix, Ultimately reducing global warming and..		££

As a part time student, Snow has given me the opportunity to make some good friends and memories and I'd like the chance to give others a similar experience. I believe by running for Treasurer and trying to implement the following ideas, I can do just that:

1. Help find alternatives to ski storage
is that Cody volunteering his room???
2. Potentially develop a more intuitive spreadsheet to help current/future exec.
3. Continue to fund freestyle sessions as it doubles as a social and chance to practice

showing how responsible I am staying covid safe

how i'll feel if u vote me and protect our winters
