

Friendly, approachable and handsome??? Love a beer and an eyebrow slit. Unhealthy addiction to everything Warwick snow. Never shy of making a fool of myself. Most comfortable with my clothes off;) don't tell the Mrs. Never miss a T-bat Tuesday or a chance to make a good impression;)

I'm a third year doing maths... great organisation;) I didn't join Warwick Snow till second year (so poor from me) allowing me to understand the importance of making newcomers feel more welcome, not just freshers!! I'm all about snow love and helping to do anything possible to grow the society and continue to build its reputation as the best society on campus.

Will be enforcing people stick to the theme with an iron fist

Cock or balls???
Good question.

Went on buds even though I barely knew anyone in snow. Ended up having the best weekend ever. Got naked in the streets of Edinburgh... why you may ask??? Because I love snow fun!!!

My love for circle goes beyond belief, and as a social sec I will be doing everything in my power to make them even greater than they are now!! Circling this year has led me to achieve some huge goals of mine such as getting banned from pop (not anymore yayyy) and chunning on a bus;) Legend alert...
