

RUN FOR

Who am I? - 2nd year Econ student - Joined snow around halfway through first year Been skiing since I was 5 (as much I might try and hide it, I am indeed privileged) - Been on one tour, would have gone on easter tour Love a pint, hate unaffordable tours

Aims

- More events, including collabs with societies such as bass, alpine bar crawls and tour circles

- Introduce more challenges to make tour looser than it's ever been
- Co-ordinate with other unis to make valley rally the biggest and most competitive yet

Me asf

- Make sure any tour activities are accessible for skiers and boarders of all abilities
- Organise exec support for skiers without any experience or people to ski with
- Pre-tour socials for snow newbies to meet others going on tour
- Get tourgoers more engaged with snow outside of tour to allow snow to grow even bigger
- More structured feedback system from those that go on tour so not only next year's tour can, be improved to meet what people want but all tours in future

A INCHEON AIDO/

- Mandatory Tenpin Tuesdays (not really in the job description but it's gotta happen)

it's really cool and I never get cold

Why me? > CHINA

- Love a good bargain and promise to get the most affordable packages for both tours to bring in as many people as we can get
- Don't actually do my degree so have all the time in the world to organise tour and deal with tour issues
- Can work closely with all the other exec members
- Go to (pretty much) every circle, tbar and social

DEDURIIC OF KE

- Love a wax strip and have been known to back a full bottle of wine once or twice
- Can beat anyone in the society in a pint race (as long as it's a Guinness or a tequila lime soda)
- If you need anything smuggled over the border, I'm your man

Generational circle fits
