

# VOTE EMMA

## About Me

- \* Second year film student—here come the jokes!
- \* I've gone on both winter tours, gone to KINGS, slalom, and even freestyle (as a spectator but still)!!!!
- \* I learned to ski at ten (it might not look like it but I did)

## My Aims as Tour Sec

### Lead up to Tour

- \* Ski event in early freshers giving beginners an opportunity to learn to ski/board as well as to meet friends for tour (Captains permitted)
- \* Tour handbook sent out over email - consisting of essential and frequently asked questions + general information regarding tour
- \* Everyone given opportunity to give input – surveys on Instagram regarding locations and events
- \* Freshers only group-chat where they can get to know each other and the exec directly

### On Tour

- \* Valley rally in first few days of tour – awards ceremony at mountain meal. Awards for winners, forfeit for losers
- \* Non skiing activities/events - donutting, tobogganing, pool party, ice skating
- \* Warwick Snow slope side BBQ - an afternoon of freestyle, racing, food and drink

### Promotion

- \* Tour promotion video—shared on all media platforms, and on the big piazza screen
- \* Competition giveaways for early access codes, free equipment hire, free events, free lessons and sessions
- \* On campus advertising—posters, accom rounds, promotion stand
- \* Tour launch party

On stage at après (Cool until I threw up)

## Why You Should Vote for Me

- \* I have numerous qualities which ensure I will get us the best deal possible for Tour:
  - Perseverance – I experience continuous slander of my degree and still persist to block out the haters
  - Northern charm – self explanatory
  - Assertive – whilst only recently discovered (new years resolution) it's the most important quality in assuring the best deal, and I'll be sure to exercise it
- \* I'm VERY committed—I've been to: 2 buds, 2 after jams, multiple KINGS, and nearly every social since I was a fresher. I'll continue this as part of my role on exec.
- \* I'm kind, fun and approachable. I'm always looking out for people's feelings and want to make sure they have a fun time wherever possible. This will help in making sure freshers and newcomers feel as welcome as possible.
