Friendly, approachable and handsome??? Love a beer and an eyebrow slit. Unhealthy addiction to everything Warwick snow. Never shy of making a fool of myself. Love a dance. Never miss a T-bat Tuesday or a chance to make a good impression;

I'm a third year doing maths... great organization. I didn't join Warwick Snow till second year allowing me to understand the importance of making newcomers feel more welcome, not just freshers!! I'm all about snow love and helping to do anything possible to grow the society and continue to build its reputation as the best society on campus, which it so clearly is.

Cock or balls??? Good question.

This year me and AP have organised and attended all of the socials (may I say the biggest ever) so you can rest easy knowing that with me as president the society will only continue to dominate its title as the best club on campus!!

**THE NEW BOSS OF SNOW?**

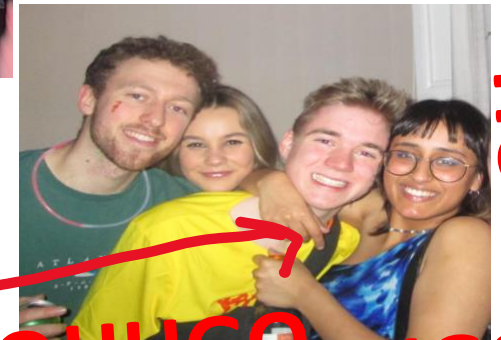

My love for Snow goes beyond belief, and as a President I will be doing everything in my power to make next year the greatest year in Warwick Snow history!! Expect huge tours, huge circles, huge competitions and seriously huge hangovers

Why vote for me??

- Did you enjoy bingo???
- Do you like swappy swappy??
- Have you had had the best socials this year??
- Have you ever seen someone send tour so hard??
- I love a beer!
- You love a beer!
- let's love beer together

I'm a happy guy
