

Cox for Treasurer

Who am I?

- I'm a 2nd year mechanical engineer
- I've been part of Snow from the start of my first year and been to almost every event since

Why vote for me?

- Already have good understanding of club financing having had to work with Dec organising Slalom and Freestyle sessions
- I'm confident I can perform this role effectively, learn where necessary and help members and other exec to my best ability
- I'm highly committed to club not only with social's but actually the skiing itself!

Why am I running?

- I've really enjoyed being captain this year despite COVID but want to experience a hopefully somewhat normal year as part of the committee

What will I do?

- Maintain good relationships with current sponsors and develop new ones
- Get more discounts for members
- Different payment method for slalom training and freestyle sessions (benefiting both the club and members)
- Maintain a safe budget to allow more socials and skiing sessions to happen having had a difficult financial year due to COVID
