

# ZAC 4 SOCIAL

Fig.2: Friendly face

## Aims

- Promote buds, kings and afterjam for the social side to back our wonderful warriors
- Make sure claims get claimed (better protect those eyebrows) and boshes get boshed
- Keep circles big and themes even bigger
- Get more freshers involved with the society outside of circle
- Keep bingo as termly social staple
- Big T-Bar posts

## Fun Facts about Zac

- 2<sup>nd</sup> year math & stat
- I snowboard and ski (we all know which is better)
- I have a shit trim (Jai's mum loves it)

## Why me you may be asking?

- Lost an eyebrow and any hopes at job prospects for the club (commitment is my middle name after 'Nigel Thomas' of course)
- Been to every T-bar Tuesday and circle this year (Fosters get there on time for once)
- Upheld all boshes no matter how stupid (Penelope is a great cuddler btw)
- Loud is an understatement for the pure decibels I produce after a few pints of purple
- Friendly face (see Fig.2)
- Always ready to snort my spillage (mustard has been a feature of my nasal cavity on occasion)
- Make myself look like a massive twat on a regular basis so you will never feel like the most stupid there
- Always there to talk to (even if my chat is dead)
